

The Pump House Waterpark Rides, Rules and Regulations

PUMP HOUSE RULES:

1. Follow directions of Lifeguards & Attendants at all times.
 2. Children under 48” and weak or non-swimmers should wear a life jacket.
 3. An adult must accompany and be in direct supervision of children less than 48” tall at all times.
 4. Some rides have height and weight restrictions; please see rule signs at rides for specifics.
 5. Proper swim attire is required in pools; cut-offs and gym shorts are not allowed.
 6. Do not enter the pool if you are feeling ill, have a communicable disease, or an open cut.
 7. There is **no** running or diving in the Waterpark.
 8. The Pump House Waterpark or Jay Peak will not be responsible for any lost or stolen items.
 9. Glass containers, coolers, or any type of carry-in food or drink are not permitted in the Waterpark.
 10. Please shower before entering the pool.
 11. Children who are not yet toilet trained must wear swim diapers at all times.
 12. Diaper changing on the pool deck area is prohibited.
 13. Shoulder riding, excessive splashing, spitting, and boisterous or rough play is strictly forbidden in the pool area, showers, and dressing rooms.
 14. Use of gum and tobacco products is prohibited within the pool area.
 15. Management reserves the right to refuse admittance to, or suspend privileges of any persons failing to comply with any of these regulations. For your safety, you should be in good health to participate in waterpark features. Only you know your physical conditions and limitations. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, **DO NOT PARTICIPATE!**
 16. There are inherent risks in the participation in, or on any amusement ride or attraction. You have a duty to exercise good judgment and act in a responsible manner while participating on the ride or attraction, and to obey all oral and/or written warnings. You also have a duty to properly use all ride or attraction safety equipment provided.

La Chute

The Only Near-Vertical Looping Waterslide that Launches into the Greatest Adrenaline-Rush!

The award-winning La Chute (AquaLoop™) will leave riders and spectators breathless! The anticipation begins the moment the rider enters the AquaLaunch capsule which controls the trap door to an incredible drop below. Facing forward, arms crossed, with a view of spectators below, the excitement builds as the rider waits for the countdown.

LA CHUTE

1. Maximum operational load: 1 person, 290 lbs (130 kg). Minimum weight is 88 lbs (40Kg).
2. Children less than 48 inches tall (1.22 m) are not permitted on this ride.
3. Swimwear with exposed zippers, buckles, rivets, or metal ornamentation is not permitted.
4. Only one rider to enter the flume at a time. SINGLE RIDERS ONLY.
5. Never form chains.
6. Slide must be ridden feet first, lying on your back with arms folded across the chest, and looking straight ahead. Riding this slide improperly may cause injury.
7. Do not attempt to sit up until you come to a stop in the shutdown lane.
8. Do not run, dive, stand, kneel, rotate, or stop in the slide.
9. Footwear, flotation devices, t-shirts, loose jewelry, clothing, and personal items are not permitted and CANNOT be carried during the ride. An exception is made for eyeglasses, please hold in your hand.
10. At the end of the slide, obey all instructions by shutdown lane attendant and exit quickly.
11. CAUTION: This is an extreme ride with high speeds and G-forces. Riders must be in good physical and mental condition with no medical issues or restrictions to ride. Riding is prohibited for pregnant women, overweight guests, guests with heart conditions, neck or back problems, physical limitations, or guests under the influence of alcohol or drugs. Consult your physician and ride at your own risk.

Failure to abide by these rules may result in injury to yourself and others, and could result in removal from the waterpark.

AquaTube (Orange Slide)

The most adrenaline-pumping, heart-pounding, head-rushing, water-spraying waterslide experiences in the industry!

An enclosed high-speed slide, an AquaTube is built with a balance of safety and adrenaline in mind. These high-thrill slides are guaranteed crowd-pleasers, whether riding the waterslide or watching from the sidelines!

ORANGE SLIDE

1. Maximum operational load: 1 person, 300 lbs (136 kg).
2. Children less than 40 inches tall (1.02 m) are not permitted on this ride.
3. Eyeglasses must be securely affixed to riders with head straps.
4. Swimwear with exposed zippers, buckles, rivets, or metal ornamentation is not permitted.
5. Only one rider to enter the flume at a time. **SINGLE RIDERS ONLY.**
6. Never form chains.
7. Slide must be ridden feet first lying on your back with legs firmly crossed at the ankles and arms folded across the chest (to prevent elbows contacting the flume).
8. Riders must wait for the attendants start signal before starting the ride.
9. Do not uncross your legs or attempt to sit up until you come to a stop in the run-out.
10. Do not run, dive, stand, kneel, rotate, or stop in the slide.
11. At the end of the slide, obey all instructions by splash pool attendant and exit quickly.
12. **CAUTION:** For safety reasons, pregnant women and persons with heart conditions or back trouble should not ride this slide.

Failure to abide by these rules may result in injury to yourself and others, and could result in removal from the waterpark

Facts & Figures

- **Typical Height:** 60 ft (18 m)
- **Typical Width:** 3 ft (1 m)
- **Slope:** Variable
- **Capacity Per Hour:** 180 riders
- **Speed:** 15-35 f/s (5-11 m/s)

. AquaPlay™

- Our AquaPlay™ systems bring it all together! Loaded with interactive features such as tipping buckets, slides, net climbs and splashing water! Available in various sizes, colors and themes, the possibilities are unlimited!
- There are several small slide coming off of the Aqua play. There is no double riding on these slide for you safety.

Inner tube slides

We have two highly thrilling inner tube slides that start atop of the slide tower, race out- side, and snake back inside to splash down pool that transitions into the action river. If you find the Green and the Blue (just like our ski lifts) slides you have found the inner tube slides.

GREEN and BLUE SLIDES:

1. Maximum operational load: 2 persons, 400 lbs (182 kg).
2. Children between 42" (1.06 m) and 48" (1.22 m) may ride with an approved life jacket, accompanied by a responsible person over 48" (1.22 m) with the child in the front of a double tube. Children less than 42" (1.06 m) are not permitted on this ride.
3. Water depth is 42" (1.06 m).
4. Eyeglasses must be securely affixed to riders with head straps.
5. Swimwear with exposed zippers, buckles, rivets, or metal ornamentation is not permitted.
6. Only one inner tube to enter the flume at a time.
7. Never form chains.
8. Tubes should be ridden in a seated position, facing forward.
9. Riders must stay on the tubes during the ride. If you accidentally fall from the tube, continue on down the flume without it and exit normally.
10. Riders must wait for the attendants start signal before starting the ride.
11. Keep arms and hands inside the flumes at all times.
12. Do not run, dive, stand, kneel, rotate, or stop in the slide.
13. At the end of the slide, obey all instructions by splash pool attendant and exit quickly, taking your tube with you.
14. CAUTION: For safety reasons, pregnant women and persons with heart conditions or back trouble should not ride this slide.

BIG RIVER (Action River)

1. Pool is 3' - 3" (1.0 m) deep.
2. Guests less than 48" tall and weak or non-swimmers should wear a life vest.
3. Guests may float in a tube, swim, or walk.
4. Travel in the direction of current only.
5. Running, diving, rough play, and splashing are not permitted.
6. Stacking, piling, or throwing tubes is not permitted.

7. Exit at designated stairways only.

Failure to abide by these rules may result in injury to yourself and others, and could result in removal from the waterpark.

Indoor and outdoor hot tubs

- Pool is 3 feet 0 inches (.9 m) deep
- Guests less than 48" (1.22 m) tall and weak or non-swimmers should wear a life vest.
- Water temperature ranges from 98 to 102 degrees Fahrenheit, 36.6 to 38.8 degrees Celsius.
- CAUTION: infants, small children, pregnant women, elderly persons, and persons suffering from heart disease, diabetes, or high or low blood pressure should not enter the spa without prior medical consultation and permission from their doctor. Do not use the spa while under the influence of alcohol, tranquilizers, or other drugs that cause drowsiness or that raise or lower blood pressure
- Do not use the hot tub alone
- Unsupervised use by children is prohibited
- Observe reasonable time limits of 10-15 minutes. Long or repetitive use may result in nausea, dizziness, fainting or skin and eye irritations.
- Diving is not allowed

Failure to abide by these rules may result in injury to yourself and others and could result in removal from the waterpark.
